STATIONER'S WAREHOUSE.
J. J. DALY,
Wholesale Stationer, Bookseller, Printer, Blank Book Manufacturer
AND DEALER IN
BOOK BINDER'S MATERIALS,
St. Louis, Mo.
OUR customers can rely upon obtaining goods at the lowest possible rates the market will afford; and whilst we shall not be influenced by the prices (or supposed prices) of other houses in the trade, we shall, notwithstanding, give our customers the benefit of all reductions, made either at home or abroad, and feel confident, we cannot be undersold, except through the medium of inferior or spurious articles. This result we are enabled to obtain by purchasing all our goods for cash, direct from the manufacturers, and by having a confidential agent in New York, whose knowledge of the markets cannot be excelled.
Our arrangements with the Eastern Paper Mills are such as to enable us to offer papers at a very small advance on manufacturers prices, and we know our rates are lower than any other house in the West.
We keep for the accommodation of our customers a supply of Webster's Elementary, McGuffey's Reader, Metropolitan and Hearn's Spellers, and Webster's Spellers and Dictionaries; Webster's Dictionary, McGuffey's Reader (Old and New Series) Sanders' Metropolitan and Christian Brothers' Readers; Mitchell's, Olney's, Smith's, Colton and Fitch's and Cornell's Geographies; Ray's, Davies' and Colburn's Arithmetic; Wilson's Quackenbos, and Frosted's Ancient and Modern Histories; Smith's and Greene's Grammar; Payson and Dunton's Speller and plain copy books, and other standard School Books.
We will fill any orders for Types, Printers Ink, Books, Periodicals, or any other articles which can be shipped with our goods at the lowest rates at which they can be procured in the city.
To insure goods being sent correctly, be particular to description, and designate the route of shipment preferred. All goods will be packed with great care, the actual cost of cases and cartage only being added to the bill. We do not insure goods unless specially directed to do so. Send for a catalogue to
